EDUCATION

Indian Institute of Information Technology Gwalior, Integrated B.Tech (Information Technology)

July 2019 - May 2024

EXPERIENCE

Software Engineer Intern @ Hashed By Deloitte

May 2024 - Oct 2024

Angular, Java SpringBoot

Bangalore, KA

- Transformed Figma designs into a fully functional Angular 8 application, focusing on delivering a seamless user experience through responsive design and intuitive navigation.
- Developed and implemented APIs using Java Spring Boot, ensuring robust backend functionality for applications.
- Collaborated with a cross-functional team of 5 members to successfully migrate front-end services from Angular 8 to Angular 16 for a smart test admin application, resulting in improved performance and scalability.
- Collaborated with a 5-member cross-functional team to integrate client requirements, focusing on usability, functionality, and product design, resulting in a 20% increase in user engagement.

Software Engineer Intern @ Outshade Digital Media

Aug 2023 - Jan 2024

ReactJS, NodeJs, MongoDB

Remote

- Integrated back-end and front-end components, enhancing the system functionality by 10% through the creation of new API endpoints and addressing UI flaws with a focus on visual design, typography and fonts.
- Implemented real-time chat functionality using WebSockets, successfully integrating with Facebook APIs to facilitate seamless communication between users.
- Optimized a ReactJS application, resolving over 19 issues to improve responsiveness and performance, resulting in a 56% increase in application performance.
- Collaborated with cross-functional teams to gather requirements and ensure alignment with client expectations, contributing to improved usability and overall user satisfaction.

SKILLS

Languages : Javascript, TypeScript.

Tools and Frameworks : ReactJs, NodeJS, NextJS, Docker, Redis.

Database : PostgreSQL

Cloud : AWS

Soft Skills : Collaborating, Communication, Collaboration, Ability to Learn, Leadership, Ownership

PROJECTS

AI-Powered Interview Preparation Tool  

Next.js | Node.js

- Comprehensive Feedback and Analysis:** Gain in-depth insights into your performance with actionable recommendations for improvement, highlighting strengths and areas that need improvement.
- AI-Powered Interview Questions:** Generate tailored questions aligned with job descriptions and level of candidate experience, ensuring relevance and appropriate difficulty.
- Customizable Interview Experiences:** Adapt sessions to specific job roles and industry requirements, offering a personalized preparation experience.
- Efficient Performance Tracking:** Access a summary grade for each session and quickly review past interviews from the main dashboard. **GitHub**

Notion Application  

Next.js | TypeScript | NodeJs

- Implemented real-time database sync, dynamic light/dark mode, and secure authentication.
- Enable efficient file management with upload, delete, and replace functionality.
- Engineered features such as infinite nested documents and publishing to the web
- Integrated trash can for soft deletes and recovery of deleted files **GitHub**

AWARDS & HONORS

- Ranked Knight(1890+) @Leetcode and Ranked Top 1% on the coding Ninjas
- Pre-finalist in the 2019 IEEE Hexagon competition.
